

# Shape up! instructions

## Card values

Circle	1
Semi circle	2
Triangle	3
Square	4
Pentagon	5
Hexagon	6

## You will need

Copies of the Shape up! cards (see photocopyable 5).

## How to play

- This is a fun card game for two to four players.
- Photocopy the cards six times and cut them out to make a pack of cards.
- Deal the cards face down among the players. Each player looks at the cards in their hand and sorts them by value. The hexagon (6 sides or 'edges') has the highest value and the circle has the lowest (with one edge). The first player puts down a card face up in the centre of the table. The next player has to put down a higher value card in order to win both cards. Play continues until one player has won all the cards.
