

# Shape skaters – instructions

## You will need

A copy of the A3 board; spinner; counter for each player.

## How to play

- This is a game for up to four players.
- Give each player a counter.
- Take turns to spin the spinner.
- Move along the track to the nearest shape indicated by the spinner. For example, if the spinner lands on a rectangle then you could move to the 'door' shape because its outline is a rectangle. Use a counter to mark your place.
- The first player to land on the last shape at the end of the track wins the game.
