

Bird table

Dear Sir/Madam,

We hope you don't mind us writing to you, but we have a problem. We are very grateful to you for remembering to throw us some food every day. However, the cat who lives next door seems to be very interested in getting to know us a little better. We were wondering if it might be possible for you to provide us with a table that we can eat from. Can you please help us by making a list of the things our table needs to be – and perhaps you could draw a diagram of what it might look like.

Yours faithfully,

The birds in your garden. x
